**Felco 211 Series Loppers**

These compact, lightweight loppers cut big and smoothly through branches up to 1 3/8" (35mm) in diameter. The F211 high-performance cutting head pulls in the branch while slicing through it, thanks to the hooked counter blade and variable radius on the blade. Precision, power, and comfort; what you should expect in a quality Felco product.

- Lightweight, durable I-Beam constructed handles with comfort grips and shock absorbers that protect wrists and hands.
- Available in three sizes to suit your pruning job needs.
- Replacement parts are available.

**Felco 600 Pruner**

There is nothing ordinary about this patented blade design. The shape of the blade is thinner at the top and thicker at the bottom – where the teeth are. This unique feature keeps only the teeth in contact with the material to be cut. This prevents clogging and binding, since the sides of the blade never come in contact with the wood.

- Cuts branches up to 4" (10 cm) dia.
- 14" (35 cm) overall length.
- 6" (16 cm) blade, 4.9 oz. (140 g)

**Felco Lubricant Spray**

The rapidly biodegradable Felco spray uses a 100% synthetic-based non-stick formula that remains stable with age and oxidation. Specially developed for cleaning all mechanical parts of gardening and workshop tools, it will never become resinous. The Felco spray protects all types of metals permanently against corrosion and provides an effective water-proof coating. Contains NO butane.
